Studio One 4 Keyboard

I can, however, add the notes manually with my mouse, and they work fine. But using my keyboard is a staccato disaster... The STUDIO ONE keyboard stickers are designed to improve your productivity and to enjoy your work all the way through. Jun 06, 2018. But I can tell you that I'm having the EXACT same issue, AND it didn't start until I upgraded to Studio One 4... By using the STUDIO ONE stickers your productivity will be increased by 15 - 40 percent, which ultimately will save your precious time. My keyboard is a Yamaha Stage Piano CP33, and what you've described is identical to what's happening to me.
